### BLPL SINGAPORE BLPL Expands Capabilities TRANSWORLD

• Acquired a new ship to facilitate faster response for customers. ROUP **SINGAPORE** • IT systems and team add more efficiency with new Tracking tools for Customers.

SINGAPORE/MUMBAI: **BLPL Singapore, part of** Transworld Group Singapore, announced that it has taken delivery of its third owned Container Vessel - BLPL Faith. This latest addition to the fleet took place at the Busan Anchorage in Korea, on November 24. It strengthens the Company's resources for customers, making a total of 14 vessels and 32,000 containers.

Mr. Mahesh Sivaswamy Chairman and CEO

Mr. Mahesh Sivaswamy, Chairman and Managing Director of Transworld Group Singapore said, "BLPL, the shipping and logistics arm of the Transworld Group (TGLS)

has made major milestones in its growth. I'm very proud of what the team has achieved - not just in capacity but also in the range of intermodal containers.' Cont'd. Pg. 6

# BLPL SINGAPORE BLPL Expands Capabilities

• Acquired a new ship to facilitate faster response for customers.

**SINGAPORE** • IT systems and team add more efficiency with new Tracking tools for Customers.

#### Cont'd. from Pg. 3

Growth in capacity and Services

With a modest beginning of 300 TEUs in the year 2007, BLPL reached 5000 TEUs by 2010. In that same year, the company offered Reefers to customers, and soon moved from being an NVO (Non-vessel operator) to ship owner with its first Liner in 2012. By December, BLPL had already touched 16000 TEUs, an impressive feat.

The year 2012 also marked a new chapter with the formation of Transworld GLS taking over the agency and logistics solutions of BLPL. The well-timed move enabled the company to increase its inventory strength, which doubled in the next five years to reach 32,000 TEUs.

Today the Transworld GLS with its established presence in over 10 countries covers all logistics needs from door pickup at origin to door delivery at destination.

Mahesh added, "BLPL prides itself on maintaining a high level of adaptability towards changing market conditions. Mahesh's motto is 'Action Without Delay is the secret of his Success', and thankfully the number of customers, trade partners and service providers has grown with us."

BLPL counts among its successes the prestigious Enterprise 50 Awards which it achieved over five consecutive years from 2012. Presented by KPMG and Singapore's Business Times, the most outstanding companies are recognized for their performance. In 2016, BLPL had the honour of being the number one company at the awards.

# Delivering Logistics Expertise and Reaching Niche Markets

Looking ahead, BLPL plans to expand its range of logistics solutions into more markets. Equipped with a sizeable fleet of 3,000X40' reefers and over 700 ISO tanks, BLPL will explore new sectors. Currently, BLPL covers over 28 countries and 120 destinations. Its reefer fleet which first tapped Far East sectors has now expanded into the Indian sub-continent, South East Asia and Middle East.

Mr Raja Vikraman (Vikram), CEO of BLPL elaborated, "Our mainstay is flexibility. BLPL has been a pioneer in introducing new routes. The first was the Yangon to India route; then Thailand to West India; Southeast Asia to Middle East, and

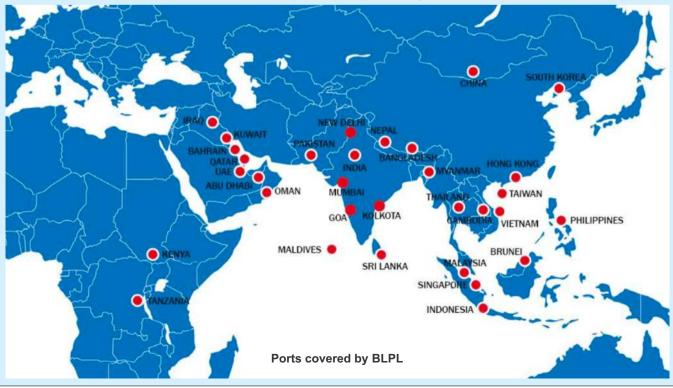

we will keep adding to this list. We are not a scheduled operator and therefore can nimbly deploy our vessels as direct services in a short time."

#### In-house IT experts improve efficiency

Another aggressive move has been towards the digitization of the business. The team of In-house IT professionals develops and supports the software systems for BLPL. There are now app-based applications to enable customers to do seamless tracking, internal inventory systems to manage efficient usage of container assets, software to enable more efficient connections at the trans-shipment hub: all of which are efficiencies which have been passed on to customers.

"We've witnessed the toughest shipping phases since the date of inception in 2007 : from the Great Recession to the latest Pandemic Times. Every journey leads us to discover new prospects even as the team emerges stronger. There are exciting times ahead," Vikram concluded.

# TRADE ADVISORY CFSAI

Customs Brokers Association

# Importers / Exporters to deal directly with Container Freight Stations and Custom Brokers

1) Container Freight Stations Association of India and BCBA are the Apex/Nodal Associations of Container Freight Stations and Customs Brokers, operating at Mumbai Custom Zone. The endeavour of both the Associations is to ensure that clearance of import and export cargo is handled in most efficient, compliant, safe and secured manner. CFSAI is the apex body of the Custodians i.e. CFS's and is governed in terms of HCCAR 2009. BCBA is the only recognised Association of all the Custom Brokers in Mumbai Zone governed by CBLR 2018.

2) CFSAI and BCBA interacts with Customs, Statutory Institutions under Law, Trade Bodies, Importers / Exporters and other stakeholders to facilitate timely clearances by ensuring strict compliance of Customs Act and the Rules and regulations made thereunder including the HCCAR 2009 / CBLR 2018 and various laws and regulations governing clearance of import and export consignments.

3) Recently, several instances have been reported, wherein certain middle men / unauthorised entities are approaching CFS's soliciting business of importers / exporters for CCSP services. 4) Besides, irregular documentation from importers / exporters, KYC issues, one of the major agenda of such unauthorised entities, is to possibly inflate the cost, much beyond what is being charged by the CFS's to the trade.

5) This often results in importer / exporters paying much higher cost as compared to those being charged when dealing directly.

6) Trade Bodies / Importers Exporters are requested to note the following:

i) In terms of HCCAR 2009, it is a violation to deal with any unauthorised operator/or an individual person.

ii) Similarly in terms of Section 146 of CA 1962 and CBLR 2018, the Licensed Custom Brokers are to be appointed by Importers/ Exporters directly for custom clearance of import and export goods through Customs.

iii) Further, JNCH Advisory F No.SS-Gen65/18-19 CCSP Cell dated 15th March 2019 clearly mentions that "under no circumstances, entities those who are not authorised representative of the Importers & exporters shall be allowed to handle/deal with imported or exported goods in any manner". iv) CFS's have been advised to deal only with importers / exporters or their Licensed Custom Broker who is a member of recognised Custom Broker Association in Mumbai Zone i.e. BCBA, whose names are appearing on the Import Bill of Entry / Export Shipping Bill. Dealing with any individuals / entities besides this, would result in violation of the laws.

v) Hence considering the above, to avoid any instances of such dealings by unauthorised middle men/entities, importers/exporters / trade bodies are requested to appoint and deal directly with Container Freight Stations and licensed Custom Brokers in terms of HCCAR 2009 and CBLR 2018.

Once again, it is being re-iterated that for sake of transparency of operations, compliances and streamlining of cost, CFSAI and BCBA are advising all the Trade Bodies / Importers / Exporters to avoid dealing with any middle men / unauthorised entities for CFS operations and Custom Clearance.

Issued in Public Interest by CFSAI and BCBA

### GOVT. OF INDIA, MINISTRY OF COMMERCE & INDUSTRY DEPT. OF COMMERCE, DIRECTORATE GENERAL OF FOREIGN TRADE

UDYOG BHAWAN, NEW DELHI

File No.01/02/68/AM-21/EG&TF

Dated: 30.11.2021

### **TRADE NOTICE N0.27/2021-2022**

#### Sub.: Electronic filing of Registration Cum Membership Certificate (RCMC)/ Registration Certificate (RC) through the Common Digital Platform w.e.f. 06th December 2021

A new online common digital platform for issuance of Registration Cum Membership Certificate (RCMC)/ Registration Certificate (RC) has been developed which would be single point of access for all exporters/importers and Issuing agencies. The given platform shall be available at the following URL: https://dgft.gov.in.

- 2. The objective of the platform is to provide an electronic, contact-less single window for the RCMC/RC related processes including Application for Fresh! Amendment/ Renewal of RCMC/ RC. Applications for RCMC/ RC may be submitted through the common platform w.e.f. O6th December 2021. Submitting applications on this online platform shall not be mandatory for the exporters in the immediate and there shall be a transition period for issuing agencies as well as Exporters to on¬board this common digital platform. The existing procedure of submitting applications directly to the designated issuing agency shall also be in operation in parallel during this transition period. Submission and issuance of RCMC/ RC by the issuing agencies through their system may continue up to 28th February 2022 or until further orders.
- 3. The authenticity of the online issued shall be verifiable by login to exporter profile on https://dgft.gov.in. The details for RCMC/ RC issued using the DGFT portal will be reflected instantly in the profile of the exporter.
- 4. The concerned Indian Exporters may please take note of the following points with regard to the process being notified herewith:
  - a. Digital Signature Certificate (DSC)/ Aadhar would be required for the purpose of electronic submission of applications. The digital signature would be the same as used in other DGFT applications;
  - b. No separate registration is required for availing the RCMC/ RC service from the DGFT Portal. Already registered exporters/importers can avail the service using the same login credentials.
- 5. For further guidance on registration and application submission process, the Help Manual & FAQs may be accessed via clicking on Learn >> Application Help & FAQs.
- 6. For any further assistance you may utilize any of the following channels -
  - Raise a service request ticket through the DGFT Helpdesk service
  - Call the toll-free DGFT Helpdesk numbers
  - Send an email to DGFT Helpdesk at dgftedi@gov.in

This issues with the approval of the competent authority

Sd/-Deepk Jhalani Deputy Director General of Foreign Trade

# Shipping Minister : India is emerging as a World Leader in the Maritime sector

Inaugurates Remote Competence Examination for Seafarers

NEW DELHI: Union Minister for Ports, Shipping & Waterways and AYUSH, Shri Sarbananda Sonowal has said that the Government is striving to improve the quality of Indian Seafarers and make their life comfortable. Speaking at the release of Navik Jeevan and launch of Online Competency based Examination through VC mode in New Delhi today, he informed that this is happening for the first time in the world, and assured to work for development of shipping, ports seafarers training, and ultimately emerging as a world leader in the maritime sector. The Minister recalled the vision of the Prime Minister, which has been embodied in the Maritime India Vision 2030 launched by him in March 2021.

Shri Sonowal said, India is one of the largest seafarer supplying nation and our seafarers are in great demand internationally. He expressed hope that the stakeholders will take appropriate measures to address the issues raised in the report.

Acknowledging the increased focus on the human element in shipping, the Directorate General of Shipping took the initiative to conduct exhaustive research to study the issues related faced by seafarers. The project was done by Indian National Shipowners' Association and funded by Maritime Training Trust and covered more than 5000 respondents including nearly 100 female seafarers. The analysis of the

survey data, published in this report, Navik Jeevan -A Survey on the life of Indian seafarers and Pre-sea students, highlighted some of very important and critical issues, related to employment, training, discrimination, harassment, fatigue, stress, motivation, happiness, safety, environment, working on board etc., where the shipping companies, maritime training institutes and the administration would need to make some improvements.

The Online Certificate of Competency Examination is a fully digital Artificial Intelligence & amp; Machine Learning powered online examination system which uses remote proctoring and powerful security and surveillance tools built to ensure a fair, transparent and secure examination system.

Addressing the gathering the Director General of Shipping, Shri Amitabh Kumar said, we are launching the first ever written examination for certificate of competency using a Remote Digital Proctoring mechanism. We are certainly amongst the first in the world for any leading maritime nation to introduce such a system.

Dr. Sanjeev Ranjan, Secretary Ports, Shipping and Waterways, in his address stated that one of the objectives of the Maritime India Vision 2030 was to 'Digitize and upgrade CoC assessment mechanism of seafarers by 2022', including End-End Digitization of CoC assessment.

### adani APSEZ November 2021 cargo volumes Ports and Logistics grow 4% Y-o-Y to 24.74 MMT

MUMBAI: Adani Ports & Special Economic Zone (APSEZ) announced its monthly business updates on 3 December 2021. In the first 8 months of FY22 ending as on 30 November 2021, Adani Ports & Special Economic Zone (APSEZ)'s portfolio of ports handled a cargo volume of 209.45 MMT (million metric tonnes), registering a growth of 43% on a y-o-y (year-on-year) basis.

The Mundra port in Gujarat crossed 100 MMT during the eight months period. Container volumes reached 5.5 million TEUs (TEU is 20-ft. equivalent unit of container in shipping parlance), of which Mundra Port achieved 4.4 million TEUs. Dry cargo volume surpassed 100 MMT. Cargo volume for November 2021 stood at 24.74 MMT as compared to 23.77 MMT for the same period last year, recording a 4.08% rise on a y-o-y basis.

Adani Ports and Special Economic Zone (APSEZ)'s consolidated net profit fell 30.5% to Rs 968.34 crore on 21.7% increase in net sales to Rs 3,532.42 crore in Q2 September 2021 over Q2 September 2020.

Shares of Adani Ports & Special Economic Zone (APSEZ) gained 0.16% to Rs 740.05 on BSE. APSEZ, a part of the globally diversified Adani Group, has evolved from a port company to a ports & logistics platform.

# India, UAE aim to conclude Trade pact talks this week

NEW DELHI: India and the UAE aim to conclude the negotiations for a free trade pact this week when the two sides meet for the third round of talks in New Delhi, the government said recently after Commerce and Industry Minister Piyush Goyal met representatives of aluminium, copper, and chemicals and petrochemicals industry as part of the ongoing stakeholder consultations.

"The third round of India-UAE CEPA negotiations are scheduled to be held in New Delhi on December 6-10 wherein both sides aim to conclude the negotiations," the Commerce and Industry Ministry said in a statement.

As per the statement, Goyal apprised the representatives from the Industry about the importance of the Comprehensive Economic Partnership Agreement (CEPA) in elevating the overall economic and commercial relations with UAE which will "not only benefit bilateral trade but also create new jobs and provide wider social and economic opportunities".

The two sides had kick-started the first round of the negotiations on the CEPA in September.

Providing a way forward on these discussions, Goyal urged the industry representatives to continue to support the CEPA negotiations in the same spirit in the wider interests of the nation contributing to the holistic development of multisectoral economic value chains in the country.

The Minister also stressed on the potential benefits from the envisaged CEPA agreement for industries which are labour intensive in nature and also on the numerous complementary spill over economic benefits, including increased investments, job creation, and employment opportunities, according to the statement.

# PM Gati Shakti plan commenced, Ministries to seek funds for projects: Union Minister Rao Inderjit Singh

NEW DELHI: The government has commenced implementation of the PM Gati Shakti National Master Plan and the concerned line ministries or departments will seek funding of their respective infrastructure projects serving the economic zones as per procedures laid under their respective schemes, minister of state for planning Rao Inderjit Singh said.

PM Gati Shakti Yojana is an integrated plan depicting the economic zones and the multimodal connectivity infrastructure with an objective to holistically integrate the interventions of 19 ministries or departments associated with the plan to address missing gaps and ensure seamless movement of people, goods and services, the Minister said in Lok Sabha.

#### **Delayed Projects**

The infrastructure and project monitoring division of the Ministry of Statistics and Programme implementation has identified 438 projects out of 1680 central sector infrastructure projects being monitored that have seen cost overrun, minister of state for planning Rao Inderjit Singh said in response to a separate question in Lok Sabha.

"The reasons for cost overruns are project-specific and depend on a variety of technical, financial and administrative factors," he said.

According to the Minister, some important reasons are underestimation of original cost, changes in rates of foreign exchange, statutory duties, high cost of environmental safeguards and rehabilitation measures, spiraling land acquisition costs, shortage of skilled manpower, changes in project scope, monopolistic pricing by vendors of equipment services and general price rise or inflation.

However, the government has taken various measures to complete such projects including the periodic review of projects under PRAGATI, rigorous project appraisal, on-line computerised monitoring system (OCMS) for better monitoring, and setting up of revised cost committees for fixation of responsibility for time and cost overruns while setting up of central sector projects coordination committees (CSPCCs) in the states under the Chief Secretaries to remove bottlenecks and facilitate the speedy implementation of major projects, he said.

# Transport costs come down in November due to lower diesel price and goods movement, further correction expected in December

MUMBAI: A decline in fuel prices and slight moderation in goods movement following the conclusion of the festive season resulted in road freight rates coming down in November over the previous month and transporters signal further price correction in December.

The road transport sector ferries almost all the goods in the country from toothpaste to cars and is a barometer for economic activity. Higher fuel prices had pushed up logistics costs for manufacturers which was trickling down to consumers as higher sticker prices.

However, with the Centre cutting excise duty on diesel by Rs 10 per litre

last month, freight rates also came down. A few states also reduced taxes on diesel.

Subsequently, as per a report from Crisil research, freight rates declined across 70-75% of the 159 goods and route combinations it reviewed. Rates remained flat for the remaining combinations.

While this augurs well for manufacturers and consumers, the lower diesel prices did not result in better margins for the transporters. Free cash flows generated by transporters declined from about 17% of revenue in October to 15% last month given the reduction in goods movement and the competitive nature of the transport industry, the Crisil report noted.

The rate correction was the lowest for the fast-moving consumer goods (FMCG) sector owing to high demand, but it was proportionately higher than the cut in diesel prices in segments like automobiles, textiles, cement and steel.

"In December rates will go down further," said Sachin Haritash, director at Chetak Logistics. While larger fleet owners in the organised sector will be more protected due to long-term contracts, freight rates will go down in the open market for smaller operators, he said, adding that even the FMCG sector will see lower goods movement this month.

# **US Largest Trading partner of India during Apr-Oct: Govt**

NEW DELHI: The government on Friday said during the April-October period this fiscal, the US has once again emerged as the largest trading partner of India with bilateral merchandise trade of USD 67.41 billion. The US has been the largest trading partner of India with respect to merchandise trade since 2018-19, except in 2020-21, when trade with America declined marginally on account of the COVID-19 pandemic, Minister of State for Commerce and Industry Anupriya Patel said in Rajya Sabha.

"In the current 2021-22 (April-October), the US has once again become the largest trading partner with bilateral merchandise trade of USD 67.41 billion, accounting for 11.98 per cent of India's total merchandise trade," she said. She also said that India's bilateral trade with Australia has increased to USD 13.88 billion in 2021, from USD 7.48 billion in the corresponding period of 2020.

Similarly, the bilateral trade with UAE has grown to USD 49.06 billion in 2021, from USD 29.48 billion in 2020 for the same period.

"The bilateral trade with Belgium has also grown to USD 13.70 in 2021, from USD 7.63 billion in 2020 for the same period," she added.

In a separate reply, Patel said the share of export of goods and services in GDP has increased to 18.7 per cent during 2020-21, over 18.4 per cent in 2019-20, and 21.7 per cent in 2021-22 (April-September) over 19.4 per cent in 2020-21 (April-September).

Replying to another question on exporters' refund, she said as on November 25, out of all Merchandise Exports from India Scheme (MEIS) claims applied for period 2020-21, duty credit scrips have been issued for 97.3 per cent of claims and 2.7 per cent claims are under various stages of approval process.

"Completed MEIS applications are largely system driven except for certain applications which require manual examination such as for exports from non-EDI (Electronic Data Interchange) ports. Disposal of pending applications is also dependent on compliance of deficiencies by the applicant exporters," she added.

# Vibrant Gujarat 2022 roadshow: CM meets Industry Captains in Mumbai

MUMBAI: Gujarat Chief Minister Bhupendra Patel recently emphasised that political stability, commitment towards all-round holistic development and conducive environment since the 25 years have played a major role in Gujarat becoming the role model for global development.

In Mumbai, Patel conducted interactive meets with business leaders, prominent industrialists, foreign consulates and delegates in a run-up to the 10th edition of Vibrant Gujarat Global Summit 2022, to be held in January 2022.

Patel said that in 2003 when Narendra Modi initiated the Vibrant Gujarat Summit, it was a new experiment for the nation and the world. Today, Vibrant Gujarat Summit is a global brand image to reckon with, he said

"Vibrant Gujarat Summit has today evolved, focusing on global issues, their solutions and opportunities available worldwide in addition to promoting investment in the state. Networking and knowledge sharing are other pertinent takeaways," said Patel.

The Chief Minister said that Gujarat is deeply committed to fulfilling PM Modi's vision of Aatmanirbhar Bharat for the growth and development of India's citizens. He said that the theme of the upcoming Vibrant Summit is also Aatmanirbhar Gujarat to Aatmanirbhar Bharat.

Addressing the leading industrialists and business delegates in Mumbai, he stressed on the dominance of Gujarat as the country's most preferred investment destination across the globe.

He further added that the Government of Gujarat is aiming to attract more investments in sectors such as nextgeneration infrastructure, energy, digital network, fintech, start-up& innovation, e-vehicles, research and development, knowledge exchange, export, tourism and financial services for sustained socio-economic development.

Talking about India's noteworthy economic and social development under the able leadership of Narendra Modi, the Chief Minister said that PM's Gati Shakti Master Plan, Production Linked Incentive Scheme, Ease of Doing

Business, Make in India, and other schemes will fast track the growth of the nation.

He added that Gujarat has taken a firm lead and marched ahead on the mantra of "Aatmanirbhar Gujarat to Aatmanirbhar Bharat". He reiterated that Gujarat has an allinclusive, all-round development ecosystem. The Chief Minister said that Gujarat is ready to welcome global & local industries/businesses seeking to re-locate in the post-corona era, with various industry-friendly policies such as e-vehicle policy, solar policy etc.

He invited financial institutions, fintech companies and start-ups present in the interactive meet to invest and do business in Gujarat's GIFT City.

The Chief Minister also extended a warm invitation to Mumbai based global and local industrialists to participate in the development journey of "Aatmanirbhar Gujarat to Aatmanirbhar Bharat" and attend the 10th edition of Vibrant Gujarat Global Summit being held in January 2022.

Gujarat Chief Secretary Pankaj Kumar presented the focus points of the Vibrant Gujarat 2022 theme aligned with the Prime Minister's vision of Aatmanirbhar Bharat. He said that Dholera SIR and GIFT CITY are the big-ticket projects for the development of Gujarat. He added that approximately 3.3 million MSMEs are the backbone of the state's economy.

# JSPL builds Rs 3,000-crore war chest for port; bids for dock at Paradip Port

NEW DELHI: Jindal Steel and Power Ltd (JSPL), one of the country's major private sector steel manufacturers, is planning to invest up to Rs 3,000 crore in developing a port on the eastern coastal line to secure transportation of steel from its plant in Angul, Odisha plant.

The company has submitted its bid for developing the western dock at Paradip Port, and though there are 5-6 other bidders, JSPL management believes it fulfils all the criteria to be able to win the bid. "While our first choice is Paradip Port, but if that does not materialise, we would like to develop one between Paradip and Gopalpur," Managing Director VR Sharma was quoted as saying recently.

The Naveen Jindal-owned company has plans to expand the capacity of its Angul plant from 5.4 million tonnes (MT) at present to 25.2 MT over next 9 years. The plan to own a port is to ensure the plant does not face logistical issues. "If we do not have logistics for such huge capacity, we would be in trouble. The existing railways and road links won't be enough to handle 25 MT steel capacity, whether it is for exports or transportation within the country," says the MD. He adds that it is better to transport via vessels even within the country than through roads or trains.

The company is open to either develop the berths in one of the existing ports or even develop a new dedicated port from scratch. "We are open for both a partnership with one of the existing ports or even develop a new one," says Sharma.

In case of a partnership, the company will bring in 70-75% capital to develop and manage the port while the rest would be brought in by the port authorities. Once the company successfully bids for a port, it would seek permission from railways for a dedicated freight line to connect the plant with the port.

# Forex reserves down by USD 2.713 mn to USD 637.687 bn

MUMBAI: The country's foreign exchange reserves declined by USD 2.713 billion to USD 637.687 billion in the week to November 26, RBI data showed. In the previous week ended November 19, the reserves had increased by USD 289 million to USD 640.401 billion. It touched a lifetime high of USD 642.453 billion in the week ended September 3, 2021. FCA dropped by USD 1.048 billion to USD 574.664 billion in the reporting week, the data showed. Gold reserves were down by USD 1.566 billion to USD 38.825 billion in the reporting week, the data showed.

The special drawing rights (SDRs) with the International Monetary Fund (IMF) dipped by USD 74 million to USD 19.036 billion.

The country's reserve position with the IMF declined by USD 25 million to USD 5.162 billion in the reporting week, the data showed.

# **Rising demand for convenience food boosts** value addition in Indian seafood exports

MUMBAI: Indian seafood exporters are churning out more value-added products to cater to the rising demand for convenience foods in overseas markets, particularly the US, after the outbreak of Covid-19.

The retail market is booming as a large section of people are still hesitant to go to restaurants and catering is yet to regain normalcy. Since home consumption has come to stay, people are buying more ready-to-eat foods. **Demand for value addition** 

Value addition in the total annual seafood export from India was stagnant at around 6-7 percent till Covid-19 hit the world. In the last couple of years, it has risen to around 10 percent, according to Marine Product Export Development Authority (MPEDA) sources. India exported marine products worth \$5.96 billion in FY21 and the country is hoping to touch the \$7 billion mark in the current year.

"Rising demand for value-added products has created the need for different packaging. Instead of bulk packets, we have to produce smaller ones like 500 gms, 250 gms etc," said **Anwar Hashim, Managing Director of Abad Fisheries.** This includes fish fillets and other ready-to-fry or steam products. The pandemic has compelled exporters to give more thrust to value addition to cash in on the current situation. But it requires more investment and trained manpower.

"We have exclusive contracts with buyers in the US. They provide us training programmes and help us in importing food materials needed for value addition, like breading," said **M Nagesh, finance director of Nekkanti Sea Foods Ltd.** 

Unlike bulk supply, volumes will be lower for value-added products. So, value addition beyond a limit will affect the topline, though profitability will be more as the special products will bring in bigger margins. "We will have to balance both," Nagesh added. At present the company's value addition in exports is around 15 percent.

Freight rates, which have gone up by four to five times, have however eaten into the profitability of exporters. But as people have started stocking more during this winter, probably dreading Omicron, the new variant of the virus, prices are moving up, bringing some relief to Indian exporters. According to Nagesh, consumers are buying three months' stocks instead of just one month earlier. Breaded shrimps have become a big draw in the US and Japan. Meal kits that have pasta, sauce with shrimp or fish are much sought after in several countries, according to the exporters. **Surimi exports up** 

The craze for value-added products bought from retail chains and supermarkets has helped boost the shipments of Surimi products from India. Surimi is a paste made from fish meat that is used in making value-added products. It is used to imitate the texture and taste of more expensive products like crab or lobster. Crab stick is a popular Surimi product worldwide.

The consumption of Surimi products has also increased in Asian countries such as Japan, Taiwan, Thailand and Korea. "The supply of Surimi from Malaysia, Indonesia and Thailand has dwindled after Covid-19 due to a shortage of workers. But India has managed with local workers despite the lockdowns," said Satish Pandit, Director, Amal Sagar Seafoods Ltd., another major Surimi exporter.

As threadfin bream, the staple fish used in Surimi, has become expensive after a sharp fall in the catch, manufacturers have been going for a Surimi mix from the meat of croaker, lizard fish, ribbon fish etc.

# Drewry's composite World Container index decreased by 1.5% to \$9,050.77 per 40ft container last week

LONDON: The composite index decreased 1.5% last week,

but remains 196% higher than ayear ago.

The average composite index of the WCI, assessed by Drewry for year-to-date, is \$7,447 per 40ft container, which is \$4,738 higher than the five-year average of \$2,709 per 40ft container.

Drewry's World Container index composite index decreased by 1.5% to \$9,050.77 per 40ft container, but is 196% higher than the same week in 2020. Freight rates on Shanghai -New York fell 5% or \$648 to reach \$12,582 per 40ft container. Similarly, Spot rates on Shanghai – Los Angeles dropped 4% or \$387 to \$9,698 per 40ft box. However, rates on Los Angeles – Shanghai gained 2% to reach \$1,306 per feu. Rates on Shanghai -Rotterdam, Rotterdam - Shanghai, Shanghai – Genoa, Rotterdam – New York and New York – Rotterdam hovered around previous weeks level. Drewry expects rates to remain steady in the coming week.

# **Union Minister of State for Ports, Shipping and** Waterways, Shri Shripad Y. Naik visits JNPT

**NO.1** 

PORT

Cont'd. from Pg. 3 INDIA'S

Upon his arrival at the Port, CONTAINER Shri Sanjay Sethi, IAS, Chairman, JNPT, and Shri **Unmesh Sharad Wagh, IRS,** 

Deputy Chairman, JNPT, welcomed the Union Minister of State, where he was accorded a guard of honor by the CISF personnel stationed at JNPT.

During his visit across the terminals at JNPT, the Minister engaged with the Port stakeholders and explored numerous tech-enabled 'Smart Port Initiatives' that are being undertaken to optimize terminal operations in order to further enhance the Port's efficiency and competence. In

addition, the Minister also experienced the RMQC crane simulator, used for training efficient & skilled crane operators, who are an integral and core part of the Port operations.

During a meeting earlier in the day, JNPT officials briefed the Minister on Port's future expansion plans as well as the host of initiatives undertaken by JNPT to enhance its Ease of Doing Business, including the recently launched 'Dwarf Container Train' service, Coastal Berth, Green Port Initiatives, multi-product SEZ, Centralized Parking Plaza, Dry Ports, Digitization Initiatives, and the progress of Vadhavan Port and other JNPT-led multimodal infrastructure projects through a presentation.

# **CMA CGM Group Upsizes Vessels Calling at Port of Yokohama**

- A 35% capacity increase compared to ships previously deployed
- A timely development that will cater to more inbound cargoes to Yokohama

#### • A milestone towards Better Ways of serving our customers and maintaining their supply chains

JAPAN: The APL ESPLANADE **CMACGM** made its first call today at Yokohama port, becoming the CMA CGM Group's first 14,000-TEU containership in the

Japanese port. Accommodation has been made for the Honmoku D4 terminal in Yokohama to receive

larger vessels of up to 14,000 TEUs. The APL ESPLANADE arrived at the container port with 35% more capacity than the smaller vessels deployed previously.

Its arrival was welcomed by representatives from CMA CGM Japan, the Ministry of Land, Infrastructure, Transport and Tourism (MLIT), the City of Yokohama and Yokohama Kawasaki International Port Corporation (YKIP) gathered at the terminal.

Destined next for South Korea on the Asia Central South America 1 (ACSA1) service route, the APL ESPLANADE has called at Manzanillo, Lazaro Cardenas, Puerto Quetzal, Buenaventura, Guayaquil, and Callao before reaching Yokohama. The ACSA1 service calls weekly at the Honmoku D4 terminal. Operated by CMA CGM, the terminal has a total annual operating capacity of over 400,000 TEUs and contributes to about 15% of Yokohama's port throughput.

Hideki Uchida, President of CMA CGM Japan said "Our larger vessels will now cater to more inbound cargoes to Yokohama, particularly fresh fruits from Central and Southern America. With Japan's fresh fruits imports on the rise, this capacity upgrade is a timely relief to our consignees who can be assured of vessel space for their incoming shipments. This also translates into Better Ways of serving our customers and keeping their supply chains going.

Hiroya Nakano, Director General, Port and Harbor Bureau, City of Yokohama said "On behalf of the port of Yokohama, I would like to extend a warm welcome to the first arrival of APL ESPLANADE. This is the first time that the Honmoku D4 Terminal has been able to receive a large 14,000 TEU vessel. We would like to express our deepest gratitude to all those involved for their cooperation during this period, and we will continue to provide both hardware and software support to improve the convenience of the port of Yokohama for the continued call of CMA CGM Group vessels.'

Takamitsu Asawa, Director-General Ports and Harbor Bureau, MLIT said, "I would like to express my sincere appreciation for the effort by CMA CGM, Tokyo Bay Licensed PILOTS' Association, City of Yokohama, YKIP and other related organisations in order to achieve this great success, the first arrival of the 14,000-TEU APL ESPLANADE containership at the Honmoku D4 terminal today. As a standpoint to implement the International Container Hub policy, the MLIT is pressing forward with creating much more attractive and valuable international container ports to cargo owners and ocean carriers so that many containerships operated in direct route services to the world, including the Latin America region, can call at the port of Yokohama."

# PSA & ONE launch Environmentally Friendly Barge Service at Jurong Island Terminal

R.N.I.6425/60

SINGAPORE: As part of a continued joint commitment to adopt responsible

maritime practices and invest in a greener and cleaner future, PSA Corporation Ltd (PSA) and Ocean Network Express Pte. Ltd (ONE) have launched barge sailing from PSA Singapore to PSA Jurong Island Terminal on 24 November 2021. This collaboration marks another milestone for the two likeminded and eco-conscious partners, as both collectively strive for decarbonisation to limit the impact of terminal and shipping activities on our environment.

Transportation of container-on-barge, or barge shipping, is a more environmentally friendly mode of cargo transportation as compared to truck operations, which could reduce up to 30% of greenhouses gases (GHG) for one twenty-foot equivalent unit (TEU) container under this joint endeavour. This barge service will be used to transport empty containers to PSA Jurong Island Terminal for ONE's identified customers located on Jurong Island.

With a one-stop logistics service, PSA helps to streamline supply chain processes, optimise operations, and enhance reliability and efficiency for the supply chain and logistics stakeholders. ONE continues to closely monitor local empty container inventory and evaluate this new process in comparison with those already in place on a dynamic basis to ensure that a lower emission mode of local empty transport would always be available to customers.

Mr Ong Kim Pong, Regional CEO Southeast Asia, PSA International, said, "PSA is excited to embark on this greener mode of cargo transportation with ONE, bringing our longstanding partnership and shared vision to the next level. Our collaboration has not only optimised operational efficiency, but also created a greener 'marine highway' option

A barge discharging ONE containers at PSA Jurong Island Terminal

for shippers and carriers as we stay committed to greening the industry. With this cleaner mode of transport, PSA has further built on our vision to orchestrate supply chains better and more sustainably."

Mr. Yasuki Iwai, Managing Director of Product and Network Division, Ocean Network Express, concurred that this GHG emission reduction-oriented collaboration is another strong footnote to the solid partnership and green vision shared by both ONE and PSA. He added, "As a major global liner company, ONE remains committed to furthering our decarbonization efforts throughout the maritime supply chain and finding the best way to reduce our overall carbon footprint. While going greener, we continue to build up our capability to safeguard global supply chain by diversifying modes of empty transport."

PSA operates a barge terminal at Jurong Island Terminal, located in the west of the island. There are currently two berths at the terminal.
